Bhavya Kala

Placed at Microsoft

Shivam Kumar

Placed at Gap Inc.

The interview Training and all the projects completed helped me get an internship as a SWE at Microsoft, not taking this course is a huge mistake.

I would highly recommend everyone to join DevTown to shape their career. It's a great pleasure for me to be an alumni of DevTown. Thank you so much!!

The Data Science Training and Internship helped me build my resume in a good way. Insights given by my faculty helped me a lot to stand out and make a mark.

I was skeptical about taking up this online course, but I found it to be very helpful. They helped me with my doubts throughout the process and even helped me get placed. Highly recommend!

Dev Bhushan

Placed at Samsung

I am so glad I enrolled for DevTown's Industrial Training Program. The course material has been extremely helpful and I've learned a lot. The trainers were always there to answer my doubts and helped me get placed as an Intern once the course was over.

Tanmay Gangurde

Placed at Jio

I liked Data Structures lectures. The concepts taught by sir was just amazing. I was able to crack technical round with the help of concepts taught to me by him. Also I was lucky enough to get the exact same question that we discussed in class for my Aptitude and Coding round.

Lingam Divvyasree

Placed at Flipkart

I recommend DevTown to anyone who has an interest in Data Science.

I was having a lot of trouble understanding the course material until I came across this program, and it helped me learn the skills necessary to get me through my internship.

Ishaan Barnwal

Placed at Oracle

DevTown is one of the best data science Industrial Training programs in India. I had been looking for a job for a few months before I found out about DevTown, and they helped me get my first interview within the week. Within two weeks, I got offered an internship with some amazing people in their organization.

Abhishek Kumar

Placed at Barclays

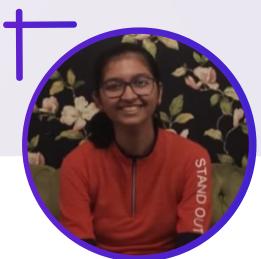

It was an amazing 4 month long training covered everything from the basics. Got placed as a Network Engineer at Barclays after the training.

Raghav Loya

Placed at Walmart

One of the best places to learn and train in Programming and Machine Learning, helped me get a job in Walmart as a Software Engineer Intern. Will surely recommend them to everyone.

Mahi Patel

Placed at Deutsche Bank

I would highly recommend anyone to grow with DevTown.
Thank You Devtown !

Vasudhevan S

Placed at Fidelity

DevTown tutors gave me a perfect head start on how to approach the coding rounds and interviews and when I actually sat for the coding rounds of fidelity investments, I was already familiar with the questions they had asked and this training helped me bag an intern as a SDE at Fidelity Investments.

Srashti Gupta

Placed at Infosys

I just wanted to let you know that it has been a great learning experience with DevTown. Data Analyst and Data Structure classes were very helpful for me, also the mentor was great and very helpful too.

Devika Soni

Placed at Qatar AIRWAYS

The experience was fantastic, all thanks to Rahul sir and Nandini ma'am (Intensifying and passionate mentors).

In a nutshell, it was extensive knowledge brimming training. I'm profoundly grateful and it's my privilege to be a part of the DevTown community.

Koushik Mishra

Placed at Infosys

I was confused about which Data Science Industrial program to choose. I had no idea what Data Science means and how it can help me. I came across DevTown, the only institute that offers this program. I enrolled for it without wasting any time and now I know where my future is. It helped me in clearing all my doubts and helped me get placed as an intern.

Mohammed Salih

Placed at Larsen & Toubro

DevTown has helped me grow my career. I got into data analytics because I love programming and web development. I was surprised to discover that I am a natural at the field. That's when I enrolled in a Data Scientist program and it was the best decision of my career.

Apurv Anand

Placed at BHEL

I completed DevTown's Data Analyst training program and I absolutely loved it. The curriculum is clear and well-structured, but most importantly, the instructors are great.

Shubham Shastri

Placed at Deloitte

I have been to DevTown for four months and have learned so much about Data Analytics. The teachers are great, the internships are awesome, and the curriculum is rigorous. I've met a lot of other talented students who want to become Data Analysts, and I can't wait to graduate from this program!

Roshan NM

Placed at TCS Digital

DevTown is a great training program for aspiring web developers and data scientists. The instructors are very knowledgeable and the course material is up to date with the latest technology. The best part of this program is that it provides doubt solving and career support. I was able to get a lot of help from their staff on how to get started in my field, what skills I should look

Sneha Dudhankar

Placed at TCS

The classes are well-organized, the instructors are knowledgeable, and the projects were insightful. The best part about this program is that it gives you real skills that can be used in your industry.

Priyanka Kundu

Placed at **Nagarro**

In this 3 months long journey I came across many interesting things which were unknown to me. Along with this I got the chance to have hands-on experience on technologies such as AWS Cloud, Cisco Packet Tracer and many more. The knowledge I gained from this program helped me to get my first job at Nagarro.

Christina Smillin

Placed at **Ifortis**

DevTown is the best Data Science Industrial Training Program in the market. The instructors are very helpful and they go out of their way to clear all your doubts. In addition, I am really thankful to DevTown for getting me a job as an intern at a multinational company.

Anup Ramdhar Mallah

It was a very good experience to join the Data Analyst Training and Internship program. The instructors were very hardworking and knowledgeable. One thing that I liked was that everyday a doubt session was arranged. All in all, it was an awesome experience.

Devansh Raghuvanshi

Placed at **Celebal Technologies**

DevTown has been an absolute game changer for me. I've always had a passion for coding but never had the time to learn it. DevTown was able to teach me the basics of web development and data science in just a few months. I'm now confident enough to pursue my career in tech!

Yashwanth S

Placed at Atena Health

I am so glad I had enrolled for the DevTown training. It is not just a free training, its a very very good training. I was skeptic about joining this course thinking it would be like any other internet based program with DSA but it was worth it. They not only trained me on dsa skills but helped me get placed as an intern at the end.

Soumyajit Nandi

Placed at NIRFT, India

DevTown is the best data science Industrial Training program in the world. They were able to give me great advice, which led me to my internship at NRIFT with an offer for a full-time position. The teaching methods are amazing and I've learned so much. I'm so happy that I made the right decision with DevTown.

Puneeth S

Placed at Techinfond

DevTown is a great place to go if you're looking for a fresh, practical and in-depth approach to web development. I've been using DevTown for three months now and I can already see the big difference in my skills. It's like I'm seeing the industry with new eyes because of the curriculum here.

Ishav Mahajan

Placed at Axtria Ingenious Insights

Well , before joining the course at DevTown I didn't know anything about Data Analysis/Scientist. Once the course got over I got good amount of knowledge about Machine learning, Data Science, Sql. I got hands on experience on building projects.
